LEADING TO SOLID ACHIEVEMENTS

SINCE 2008

Rock International Group of Companies is led by a strong leadership of professionals, with decades-long experience in Oil & Gas, Chemicals, Electrical, Infrastructure, Civil, Structural, Architectural, Water and Wastewater Treatment, Drydocking, and allied industries. Our Services span across all the above core industrial sectors. providing innovative & Sustainable one-stop solutions to our customers.

ROCK INTERNATIONAL GROUP THROUGH THE YEARS

OUR SERVICES

ENGINEERING

Our excellent technical expertise combined with cutting edge technology ensure, our project deliveries with innovative solutions are matching global standards.

Trading & Other Services

The trading arm of our Group is a highly resourceful team to meet your overgrowing demands for equipment, tools and products for the various industrial requirements. Our supply and logistics division ensures timely deliveries. Our Corrosion Control Services through Cathodic Protection provides lasting solutions to our clients.

New Technologies

Rock is foraying into new technologies domain, in line with Oman's Vision 2040 in Environmental care, including reduction in Carbon Footprint and Greenhouse Gase Emissions, Climate Change, Renewable Energy, e.g. Solar and Wind, maximising enerfy efficiency and other environmental technologies.

TECHNICAL SAFETY & ASSET INTEGRITY

Technical Safety & Asset Integrity Management is one of the core areas of our services. We have gained considerable experience through our expertise and technical knowledge. We have successfully completed many projects on Technical Safety & Asset Integrity Management.

Quality Assurance, Management & Certifications

Rock established the first Omani QMS Certification body, accredited by EIAC(Emirates International Accreditation Center) , Providing Management System Certification, Third-Party Project HSE & Quality Audits and Training services to our esteemed Clients, for ISO 9001 (QMS), ISO 14001 (EMS), ISO 45001 (OHSMS), ISO 22000 (Food Safety MS), ISO 27001 (Information Security MS) and ISO 50001 (Energy MS).

OUR RESOURCES

Access to 500+ sources globally

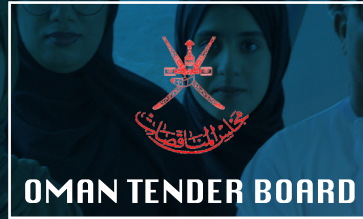

Certified by Joint Supplier
Registration System 'JSRS'
DCRP Approved
Engineering Consultant

Proficiency in CSR, BfD, FEED, DD and Engineering
Studies; with Concept/Process, Instrumentation,
Mechanical-Static, Piping and Pipelines, Electrical,
Structural/Civil and Technical Safety Engineering &
Software expertise

Pipeline, Flow line, Electrical,
As Built, OHL, Procurement & DD jobs

Registered under Oman Tender Board

ISO 9001: 2015, 14001:2015
27001:2013, 45001:2018

Oman American Business Center 'OABC'
Oman Society of Engineers
Oman Water Society

OmEPC Partner Company
